Come and join the [AusAPT Mini Conference](#) in July (Brisbane) & August (Melbourne). The following speakers will be presenting;

[Dr Angelina Bennet](#) is an occupational psychologist working in executive profiling, organisational analysis, and personal and organisational effectiveness. Formerly a senior consultant with OPP (*European distributor of the MBTI*), Angelina consults in the UK and Europe via her company I Potential. Angelina is an expert in psychometric applications. A research study for her professional doctorate thesis, 'Linking the Myers-Briggs to the client's stage of development', won a British Psychological Society award. Angelina is the author of *The Shadows of Type*, and has been president of the British Association for Psychological Type since 2011.

[Susan Nash](#) is an international expert in business applications of type and temperament, focusing on team productivity, conflict reduction, performance coaching and leadership effectiveness in retail and high-tech environments through her companies EM-Power and The Type Academy. Susan is the author

of nine books, including Contextual Coaching, Teamwork from the Inside Out, Let's Split the Difference, and Dating, Mating and Relating. Susan has headlined as a keynote speaker at type conferences in the UK, USA and Australia. She is a past president and current board member of the Association for Psychological Type International.

Angelina and Susan are UK-based colleagues and occasional collaborators. As their fields of expertise are complementary, the content of their proposed sessions offers synergies to reinforce and enrich learning.

[This will be a one-day event in Brisbane, and a two-day event in Melbourne.](#)

The block program comprises half-day segments from each presenter. Susan will present distinct sessions each day. Angelina will present 3 sessions on her Ego Development specialisation.

This is an event for: career advisers, coaches, consultants, trainers, counsellors, social workers, managers, psychologists, teachers and others interested in furthering their type knowledge.
